

Years 5/6 Autumn Term Curriculum Map

History & Geography

We will be investigating Latin America. We will look at where Latin America is, the countries within it and why the Amazon is so important.

In History, we will be researching who the Maya were, their beliefs and customs. We will also be trying to discover what happened to them! Why did they decline?

P.E

The children will be learning salsa dancing!

We will also be practising our football skills.

PSHE

This time will be used for opportunities to talk together and consider a 'big question' alongside activities surrounding school life, friendships and my feelings.

Science

We will be looking at The Human Body. Children will be learning what systems we have in our bodies, and how they work.

We will be looking at our vital organs, including blood, and how to stay healthy!

R.E.

Christianity

We will be investigating how following God can bring freedom and justice?

Music

We are looking at emotions within music.

French

We will be learning how to tell the time in French, and some key basic phrases.

Computing

We are going to be photographers in computing!

Art & DT

We are going to learn the art of weaving to create our own Guatemalan weave.

English

Adventure stories

We are going to be writing our own adventure stories based on the book 'The Explorer' by Katherine Rundell. We are going to work on using exciting, powerful vocabulary.

Maths

Year 6 - We start the term looking at place value through a number of practical and written activities and problems. We will then be moving onto the four operations.

Year 5 - We start the term looking at place value through a number of practical and written activities and problems. We will also be looking at properties of shape, including angles.
