

'Making the Everyday Exciting!'

Science Week
29th June to 3rd July

As part of next week's Science Week, we are going to be running a competition. For this, I need your help!

I would like you to use a phone, camera or tablet (with permission) to take a zoomed in photo of an object. This object could be anything – from nature, a household object, an item of food, the choice is endless! Once you have taken your photo, please attach it to an email and send to Mrs Anderton WITH THE ANSWER to:

kanderton@swaffhamprior.cambs.sch.uk

We are going to collate your photos to make a 'zoomed in photo' competition – more details will follow next week.

I can't wait to see your zoomed in photo entries!

Mrs Anderton
